HELLO AGAIN FOR 1963

We are pleased to present our 1963 edition of many outstanding Daylilies. We try to grow only the finest in order to please you. We have added two new late blooming Daylilies, PUMPKIN CUP and ADDED PLEASURE. We have also coined a new term, **full blown**, to express the full, puffed petals as in SHOOTING STAR and BUBBLES. On my visit to Frank Childs' Nursery, I had noticed that in over seventy-five per cent of his seedlings, they have this beautiful, full blown form, thereby adding much charm to his flowers.

We invite you to our Nursery during Daylily bloom. Our peak is about July 8th to the 20th.

Another garden to visit while on Long Island is the Martin Viette Nursery on Route 25A, East Norwich. Here you will find Andre Viette who grows the largest collection of Daylilies on Long Island.

PETER J. FASS

PREMIUMS: On all orders of \$5.00 and over, we add an extra gift plant of fine value and quality.
